

A.C.E. RaceRunning Club Newsletter - Summer 2012

We have had an extremely busy spring & summer at the club and membership continues to grow. We now have 17 members (up from 9 members at the start of the year) and are getting enquiries all the time.

[2nd Indoor Festival of RaceRunning](#)

Our 2nd Festival of RaceRunning held in April was again a great success, with 36 participants of different ages, taking part. Also in attendance was a film crew from the RBS Community Force team. As an award winner we were chosen to be filmed and the resulting video is absolutely wonderful! Please have a look at it on our website. Thank you again to everyone who voted for us.

[Come & Try Events](#)

The club has supported a number of 'Come & Try' events through Spring from Aberdeen down to Gateshead with interest still continuing to grow.

[European Paralympic Youth Games](#)

Kayleigh & Gavin, our RaceRunning international ambassadors once again did the club, Scotland and themselves proud at the recent European Youth Games held in Brno, Czech Republic at the end of June. They competed in 3 events each and each set 3 personal best times and three world records winning 3 gold medals each. They were invited to compete by the European Paralympic Committee.

[Competition News](#)

The sun shone for the Wishaw Games held on August 11th and we had a great day. There were many personal best times. There are photos & video from the day on the website. We were not so lucky for the Red Star Championships held in June when it poured all day and blew a gale too. Well done to the brave souls who decided to compete anyway.

[Fundraising](#)

Our heartfelt thanks go to ASDA Ayr, Ayr Cricket Club, Ayr St Columba Church Yoga Group and Girvan Nursery who have chosen to fundraise for the club, we really appreciate their support.

[ACE Quilts](#)

A huge thank you as well to Barbara who made these beautiful quilts for our club featuring our club logo; with all the cold weather they have been much appreciated.

[Club Website](#)

You can read more on these and other news items on the club's website at www.acerr.org ; please take a look - it has lots of great photos & video on it, including some from Czech Republic.
