

There is just time to bring you the last of our news for 2019.

Congratulations to:-

Dylan, who was the 2019 winner of Ayr Seaforth AC "Commitment to RaceRunning" award and he received his award at the Annual Awards Dinner.

And Olivia, who was a nominee in the Young Sports Volunteer category at the South Ayrshire Sports Awards

and to 2 World Champions

When we set up the first RaceRunning Club in Scotland in 2010 here in Ayr, little did we think that just over 9 years later two local RaceRunners would be competing at World Championships. Back then it wasn't even an option to get to that level.

Following on from its debut at the European Championships last year, the 100m RR3 event was included for the first time in the WPA World Championships in Dubai. Kayleigh & Gavin were selected by British Athletics as part of the 40 strong team. They had to wait to the very last night to compete but both delivered outstanding performances to win their respective events, and both in new World Record times.

We send congratulations to Gavin & Kayleigh on their fantastic achievement.

We wish you a Merry Christmas and a very Happy New Year

from all at ACE RaceRunning
